## HAKKIMIZDA

Eski çağlardan günümüze uzanan kuvars madeninin kristalleri REALSTONE firmasının Kırşehir Organize Sanayideki tesislerinde her bir üretim aşaması ve proseslerinde %100 el yapımı, el emeği ve yerli sermayenin gücü ile mutfakların vazgeçilmezi olan granit eviyeye dönüşüyor.

Misyonumuz; sektörünün gelişimine paralel gerektirdiği tüm alt yapıyı, yeni teknolojik imkanlar ile birleştirip lider marka konumunda olmaktır.

25 yıllık mutfak tezgahı üretiminin vermiş olduğu bilgi birikimini “kalitenin asla tesadüf olmadığı” sözüyle pekiştiren REALSTONE adı gibi gerçek granit ürünü kullanıcılarına

- En iyi hizmet
- En iyi kalite
- Ulaşılabilirlik
- Sürdürülebilirlik

ilkelerinden taviz vermeden ulaştırmaktadır.

Doğallığını doğadan alan eviyelerimiz,

- Antibakteriyel
- Koku barındırmaz
- Kir ve leke tutmaz yüzey
- Aşırı ısıya dayanıklı
- Darbeye karşı dayanıklı
- UV dayanımı
- İnsan sağlığına zarar vermeyen

Birçok artı değere sahip granit eviyeler, kullanım amacına en uygun şekilde ve kalitede üretilmektedir.

Mevcut veya yeni yapılmakta olan ahşap, mermer, porselen, kuvars, granit tezgah uygulamalarında model ve tezgah renklerinize uygun granit eviyelerimiz kullanım koşulları ve kullanma talimatlarına uygun hareket edildiği sürece uzun yıllar mutfaktaki en büyük yardımcınız olacaktır.

## ABOUT US

*The crystals of quartz dating back to ancient times are transformed into granite kitchen sink, which is an essential component of the kitchen. We use manual labor, handicraft and local capital in each and every production stage and process of REALSTONE, whose facilities are located in Kırşehir organized industrial zone.*

*Our mission is to become the leading brand by combining the entire infrastructure required in parallel to the development of the sector with new technological opportunities.*

*Strengthening its know-how in the production of kitchen countertops gains over 25 years with the motto “Quality is never a coincidence” REALSTONE delivers authentic granite products to its users without compromising following principles:*

- Best service
- Optimum quality
- Affordability
- Sustainability

*Our granite sink are inspired by nature and have many quality such as being:*

- Antibacterial
- Odor-free
- Dirt and stain resistant
- UV-resistant
- Not harmful to human health

*And are produced in the most appropriate way and quality for its intended use.*

*Our granite sink, offering a wide range of models and countertop colors for your existing or newly built wood, porcelain, marble, quartz, granite countertop application, will be your greatest assistant in the kitchen for many years, provided that the conditions and instructions for use are followed.*

## Granit Eviye Kullanımında Dikkat Edilmesi Gerekenler

**Günlük Kullanım:** Eviyelerin günlük temizliğini sabunlu su, amonyaklı temizleyiciler, krem deterjan kullanılarak ıslak bir bez veya yumuşak bir süngerle yapabilirsiniz. Ayrıca ürünün doğal görüntüsünü korumak ve rutin bakımlarını yapmak için ayda bir kaç kez sıvı veya krem deterjanla tüm yüzeye dairesel hareketlerle uygulama yapılmalı ve ıslak bir bezle temizlenmelidir. İşlem bitince eviyenizi kuru bir bezle parlatmanız tavsiye edilir.

**Isı - Sıcak Temas:** Eviyeniz yüksek ısılara karşı dayanıklıdır. (180°C kadar dayanır. Kızgın yağ ya da ocaktan yeni alınmış tencereler gibi yüksek ısı içeren malzemeler direkt olarak eviyeye temas ettirilmemelidir.) Yüksek ısı içeren mutfak gereçlerinizi bir altlık yardımı ile kullanmanız tavsiye edilir.

**Lekeler:** Eviyenizin lekelerle karşı direnci oldukça yüksektir. Kolayca temizlik yapabilmemiz için eviyeniz üzerinde yağ, salça, çay vb. gibi lekeleri uzun süre bekletmemeniz tavsiye edilir. Lekeleri kurumadan önce sıvı deterjan ve ıslak bir bezle kolayca temizleyebilirsiniz.

**Çizilme Direnci:** Eviyeniz çizilmeye karşı oldukça dirençlidir. Çatal, bıçak gibi keskin mutfak gereçlerini doğrudan eviyenize temas ettirmeyiniz. Eviye üzerinde kesme, doğrama yapmayınız; mutlaka kesme tahtası kullanınız.

**Kimyasallarla Temas:** Solvent ve yüksek çözücü özelliğe sahip kimyasallardan eviyenizi uzak tutmanız kullanım ömrünü uzatacaktır. Çamaşır suyu kullanmanız herhangi bir sakınca içermez.

**Temizlik:** Tel fırçalar, tel ovucular, zımpara gibi yüzeyi taşıyan aşındırıcılar, süngerler gibi temizlik ürünlerini kullanmamaya özen gösteriniz. Temizlik için yumuşak bir bez, sıvı ya da krem deterjan kullanınız. Kurulamak için kağıt havlu veya mikrofiber bez kullanınız.

**UV Dayanımlı Yüzey:** Güneşten gelen ultraviyole ışınlarının ürün yüzeyine zarar vermesini engelleyen özel yüzey uygulaması.

**Antibakteriyel Yüzey:** Bakteri tutmayan ve barındırmayan özel yüzey kaplaması.

**Yukarıda bahsi geçen konulara hassasiyetle uymanız kullanmakta olduğunuz eviyenin ömrünü uzatacaktır.**

**Darbeye karşı dayanıklı**  
Materyal darbelere karşı sağlam ve dirençlidir

**Leke tutmaz**  
Gıda maddesi lekelerini barındırmaz

**Uzun ömürlü**  
Yıllarca ilk günkü görünümünü korur

**Kir tutmaz yüzey**  
Kirler kolaylıkla akıp gider

**Koku bırakmaz**  
Üzerinde koku barındırmaz ve iletmez

**Aşırı ısıya dayanıklıdır**  
Isı etkilerine karşı hassas değildir

**İnsan sağlığına zarar vermez**  
Kesinlikle sakıncalı olmayan materyal

**UV dayanımlı**  
Güneş ışınlarına karşı dayanıklı

**Antibakteriyel**  
Bakteri tutmayan ve barındırmayan özel yüzey kaplaması

## Things to Consider When Using Granite Sinks

**Daily Use:** Clean your sink(s) daily using soapy water, ammonia-based cleaners and detergent with a wet cloth or a soft sponge. Apply a proper liquid or cream detergent to the surface with circular movement and clean with a wet cloth a few times a month to keep the natural appearance of the product and execute routine maintenance. Once the process is completed.

**Heat - Hot Contact:** Your sink is resistant to high temperatures. (It can withstand up to 180°C. The materials with high heat such as hot oil or pots that have just been taken off the stove should not be directly in contact with the sink.). It is recommended to use a trivet for your hot kitchen utensils.

**Stains:** Your sink is highly resistant to stains, in order for an easy cleanup it is recommended not to leave stains such as oil, tomato paste, tea, etc. for a long time. You can easily clean stains with liquid detergent and a wet cloth before they dry.

**Scratch Resistant:** Your sink is highly resistant to scratches. Avoid direct contact of your shako kitchen utensils such as forks and knives with your sink. Do not cut or chop on the sink. Always use a cutting board.

**Contact with Chemicals:** Keep your sink away from solvents and chemicals with high solvent properties to extend the lifetime of your sink. You can safely use bleach on your counter/sink. It will not cause any damage.

**Cleaning:** Avoid using cleaning products such as wire brushes, wine scrubbers, abrasive products with sandpaper surfaces and sponges. Use a soft cloth, liquid or cream detergent for cleaning.

**UV-Resistant Surface:** Special surface application that prevents ultraviolet radiation from sunlight from damaging the product surface.

**Antibacterial Surface:** Special surface coating that does not hold bacteria.

**Strictly complying with above mentioned instructions will extend the life of your sink.**

**Impact-Resistant**  
The material is robust and resistant to impacts.

**Stain-proof**  
Does not absorb food stains.

**Durable**  
Preserves its first day appearance for many years.

**Dirt-resistant**  
Dirt comes off easily.

**Odour-free**  
Does not retain or transmit odour.

**Highly resistant to heat.**  
Is not sensitive to heat effects.

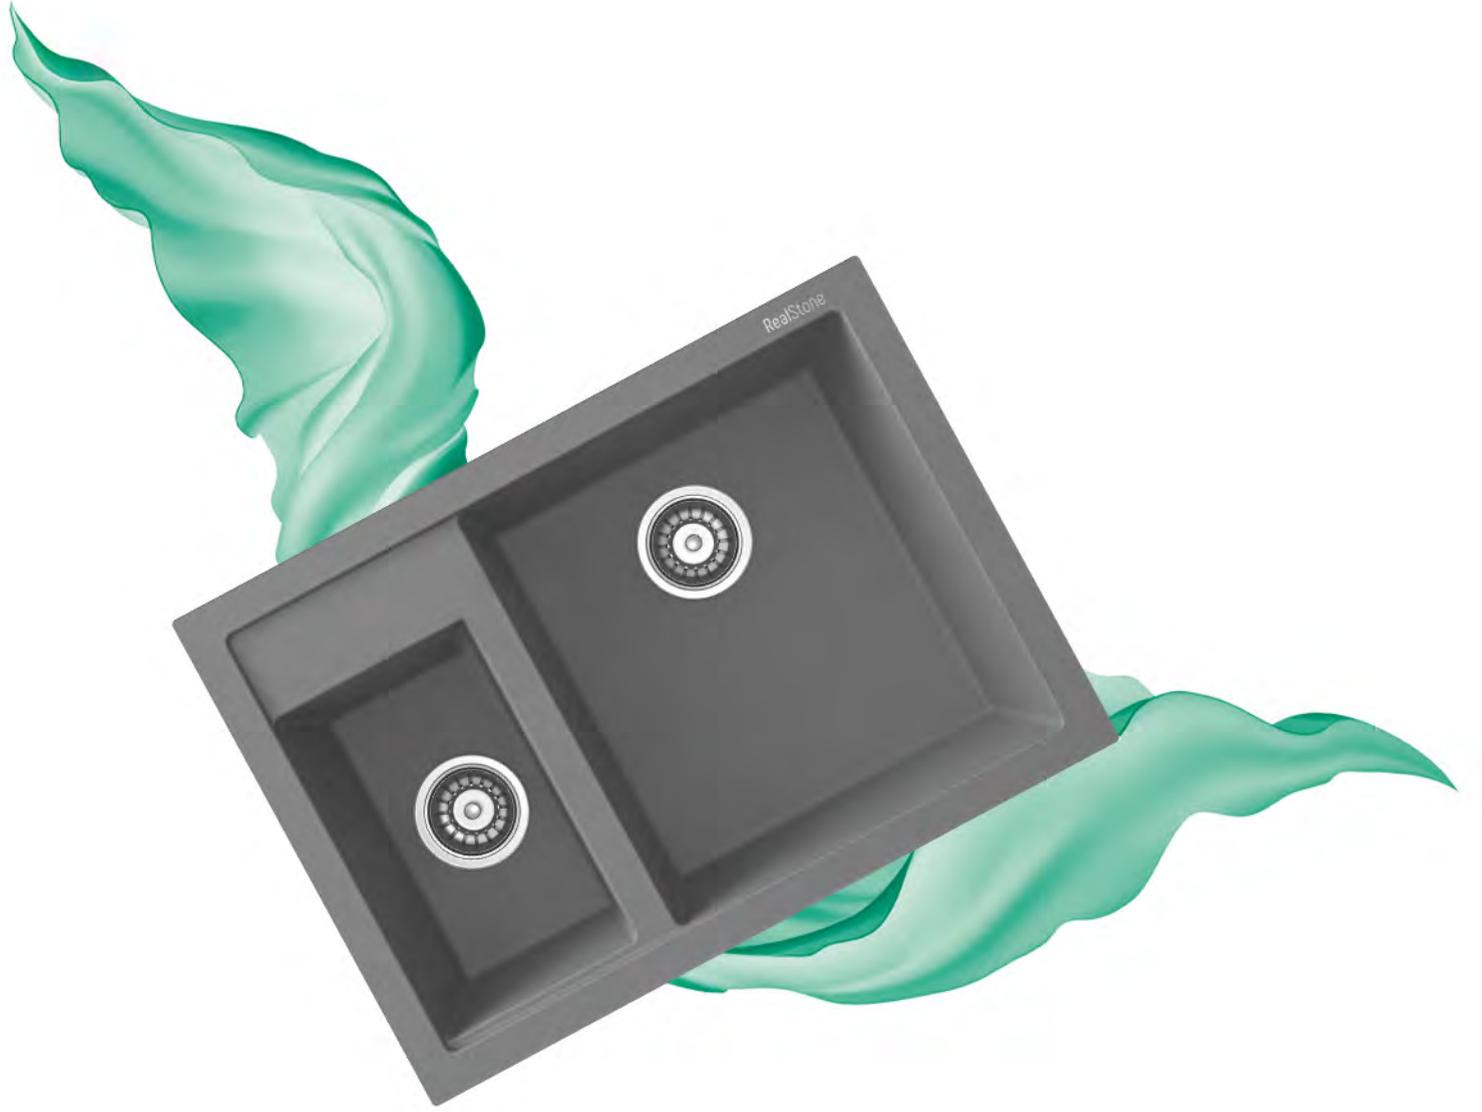

**Not harmful to human health**

**UV-resistant**

**Antibacterial**  
Special surface coating that does not hold or contain bacteria.
